Dear Mr. Palmer and Butte-Silver Bow Council of Commissioners,

I hope you enjoyed a good weekend.

I am reaching out to you to follow up on Butte-Silver Bow Council of Commissioner's request for EPA staff to appear before the Council and address concerns related to the Silver Bow Creek/Butte Area Superfund Site West Side Soils Operable Unit (WSSOU).

Attached is a letter from Joe Vranka, EPA Superfund Branch Chief, with initial information about WSSOU and a request that EPA attend the Committee of the Whole meeting on Wednesday December 13, 2017. At the meeting Joe and Nikia Greene, EPA Remedial Project Manager, would like to follow up with further details about WSSOU and address any questions and concerns you may have. I believe Nikia has already reached out to you and that we may already be on the agenda (communication # 17-593).

We appreciate the opportunity to meet with you. Thank you.
